① I discussed the substance of the attached with [] on 16 February in order to meet the deadline. Only two issues are of real interest to us, those presented in paragraphs f and g. RMD will support us on these and resubmit them. The definition of "Cryptology" probably will go in favor of cleaning up Section 4.2(a). Kitty feels NSA may be willing to back off on the offending section if "Cryptology" remains as a basis for classification and as an extension or breakout of sources and methods under DCI cognizance.

Suggest you advise the DD/P&M of our action.

③ For your information
